Benefits of IMI Grub Control

IMI plus fertilizer delivers the proven post patent chemistry Imidicloprid

- **Season long protection.** IMI plus fertilizer provides months of protection against a variety of grub species in residential and commercial turf.
- **Advanced combination technology.** IMI plus fertilizer is manufactured using the most advanced combination process to assure even technical distribution. The process assures product flowability without nasty impeller build up.
- **Superior fertilizer grade options.** Pro Ap Products offer superior grades of fertilizer that are very suitable for a grub combination. Utilizing smart combination of N-Fate and Duration branded nitrogens provides a free flowing low dust product that spreads even and accurate.
